

**HAMPTON
PRIMARY SCHOOL**
Collaboration, Aspiration, Integrity, Resilience

Dear parent/guardian,

In anticipation of 2024, where we plan to further enhance and expand the opportunities for your children, we would like to advise you of Hampton Primary School's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer a high quality and diverse education that supports your children to be lifelong learners that flourish and positively contribute to the *world*. Your ongoing support, through fee contribution, fundraising and volunteering your time is very appreciated.

Within our school this support has allowed us to make significant improvements, such as over \$200,000 alone of painting and recarpeting the main building, new student tables and chairs in classrooms, the introduction of a STEAM program, additional learning support and an on-site psychologist. It also allows us to conduct highly valued programs such as, inter-school activities, iPads throughout the school and high quality professional leaning and instrumental support for teachers so they can better support and challenge your children. While the Department of Education and Training funds a standard curriculum program, these programs and resources offered by Hampton Primary School go above and beyond this funding and could not be provided without your financial support. For families experiencing hardship, more information on supports available can be found on page 5 of this letter.

Some of our school improvement projects currently underway and for the future include:

- Re-surfacing the main quadrangle of the school for assemblies and student gatherings
- Ongoing maintenance of the mod-grassed oval
- Purchasing additional literacy materials including new readers for students from Foundation to Grade 6
- Implementation of classroom libraries throughout the school
- Maintaining a school nurse on-site for the health and wellbeing of your children.
- Continuing to expand STEAM as a specialist subject for all students in 2024.
- Enacting key aspects of our Reconciliation Action Plan
- Expansion of the sensory and vegetable garden and surrounding area
- Upgrading and maintaining technology hardware

These priorities will enable Hampton Primary School to continue to provide an environment and education that is ever improving and results in outstanding academic and wellbeing outcomes for your children.

Should you have any questions please don't hesitate to contact the school directly or for further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Joshua Sheffield
